<p>Specification:</p> <ul style="list-style-type: none"> - With Privacy Cover - 【Ultra HD Lens】 The lens is made of high-definition optical glass, with high definition, large viewing angle, anti-theft field of view up to 200 degrees, bringing you a clear visual experience and a wider-angle field of view. 【Door Thickness Range】 Adjustable Length: 32-55 mm. You just need to drill hole, put the door viewer in the hole, then tighten both sides and you are done. 【Guard Your Privacy】 The threaded design is anti-destructive and anti-pulling. When you cover the anti-peep back cover, people outside the door cannot see the indoor situation through the cat's eye, thus protecting the privacy and safety of your family. 【Wide Range of Use】 Peephole viewer is constructed of high-quality to ensure quality and durability, and is widely used in homes, hotels, apartments, offices. When the doorbell rings, you open the privacy back cover and you can easily identify the visitor. <p>Compliance with:</p> <ul style="list-style-type: none"> - HK Housing Authority Specification Library 2012 Clause IRO1.M1220.6 & refer to General Specification 2013 Section 14 Ironmongery Clause 14.33(11)
