<p>The YETI brass, all-weather, self-locking. The body is made from solid brass and shackle is made from hardened steel and rust-free inner components. It is a keyed-alike lock-off where the same key can be used to open any number of locks from the same suite and of the same body width. Each lock is supplied with two keys. This double bolted lock has tumbler mechanism with anti-pick mushroom pins thus resists picking. The lock helps to secure valuables/goods of medium value or at average risk of theft.</p> <p>Features:</p> <ul style="list-style-type: none"> - Lock body made from solid brass - Inner components made from rustfree materials - Precision pin cylinder - Automatic locking: Locking without key by pushing down the shackle - Shackle made from hardened steel - Incl. three keys - Keys can be shared between keyed-alike shackles, where the key suite and body width match.
