DESCRIPTION

Be-Line® anthracite straight grab bar Ø 35mm, L. 600mm

Ref. 511906C

Be-Line® grab bar Ø 35mm, for people with reduced mobility.

For use as a handrail or grab bar for WCs, showers or baths.

Aluminium tube, 3mm thick. Solid aluminium fixing points.

Rounded profile Ø 35mm with ergonomic flat front face that prevents rotation for an optimal grip.

Metallised anthracite powder-coated finish provides a good visual contrast with the wall.

Uniform surface for easy maintenance and hygiene.

38mm gap between the bar and the wall: minimal space prevents the forearm passing between the bar and the wall, reducing the risk of fracture in case of loss of balance.

Concealed fixings.

Supplied with stainless steel screws Ø 8 x 70mm for concrete walls.

600mm centre-to-centre.

Tested to over 200kg. Maximum recommended user weight: 135kg.

INSTALLATION & CARE

EN

- Ensure screws and rawl plugs are suitable for wall mounting and reinforce if necessary.
- Installation should be undertaken by professional installers only.
- Maximum user weight: 135kg. Make sure that the wall and/or surface can support this weight. Reinforce the wall if necessary and/or adapt the surface if necessary.
- Clean using a soft, damp cloth or with cleaning products and disinfectants. Do not use acid-based products or scouring powder.

Product conforms to European standard EN 12182 and the Directive 93/42/CEE.
